

COMPANY MANAGER BRS COMPANY REGISTRATION MESSAGES TESTS

In this testing suite it is assumed that the appropriate `initiatePayment` and `getTransactionStatus` messages are lodged to support the company registration. All lodgements must be made in PROCESS mode.

The name of each test company, unless otherwise stated, must include your name. This is to ensure that each name is unique.

For each of the tests below you must provide a screenshot showing that the user has assented to the appropriate declarations described in section 3.2 of the Message Implementation Guide.

Unless otherwise stated, the applicant and the signatory of each test case is you.

For each test case please return the Transaction Reference Number and all screenshots to webservices@asic.gov.au.

Test 1
